

## HORIZON 2020 Elevator Pitch - Moderated Networking

### *Environment/ Energy + Information and Communication Technologies (ICT)*

09. April 2014, Trade Fair, Information Center (IC), Room: 00.157-00.158

---

**04:15 - 06:00 p.m.**

○ **Introduction & Horizon 2020 Overview**

- ✓ Structure
- ✓ Participant conditions and funding instruments
- ✓ Relevant calls

○ **Environment + Energy: Presentation of expertise**

1) *"Efficient cooling and cold storage using ice slurry"*, **Institute for Air Handling and Refrigeration**, Mr. Enrico Rose (GER)

2) *"Interdisciplinary product development, with particular interests in simulation and experimental technology"*, **FMDauto, UAD**, Prof. Dr.-Ing. Andreas Jahr (GER)

3) *"Self-sustaining energy supply for sewage clarification plants"*, **BioEnergy Association e.V.**, Mr. Olaf Luschnig (GER)

4) *"Energy storage, energy efficiency, e-mobility"*, **University of Applied Sciences Osnabrueck**, Prof. Dr. Hans-Jürgen Pfisterer (GER)

5) *"Local distributed energy system based on biomass"*, **Sumara Sp.o.**, Mr. Andrzej Sumara (PL)

○ **ICT: Presentation of expertise**

6) *"Innovative sensor technology for process controlling in advanced manufacturing"*, **EnShape**, Dr. Marcus Große (GER)

○ **Joint elaboration of cooperation opportunities**

○ **Additional offers**

- *Individual project advisory – first evaluation of your project outline*
- *Europe Lounge – display of thematic European Partner Search/Offers for joint projects in Horizon 2020*
